

SDS | Safety Data Sheet

Cyano•Free Lash Adhesive

Section 1 – Chemical Product and Company Identification

Product Identifier: Cyano•Free Lash Adhesive

Recommended Use: Professional eyelash extension adhesive

Company Identification:

Supplier: Lost Artistry LTD.

Address: A-10109 McDonald Park Rd Sidney, BC V8L 5X5 Canada

Email: info@lostartistrylash.com

Emergency Telephone: Local Poison Control Centre

Canada: 1-844-POISON-X

US: 1-800-222-1222

Section 2 – Composition and Ingredient Information

Ingredients	CAS No.	% Content
Polyacrylate	N/A	52%
Ethanol	64-17-5	25%
Water (Deionized)	7732-18-5	21.5%
Benzoic Acid	65-85-0	1%
Carbon Black	1333-86-4	0.5%

Section 3 – Hazards Identification

Classification of the substance or mixture

Classification according to Regular (EC) No 1272/2008

GHS 07 Irritant

Section 3.2 Skin Irritation

Classification system

Classification was done according to Annex VI of directive (EU) No. 1272/2008. Nota T was used.

Classifications were done according to Part II, sub-section 33.2.1 and 33.4.1 of UN

Recommendations on the Transport of Dangerous Goods, Manual of Tests and Criteria.

Label elements

LOST ARTISTRY

Labelling according to Regulation (EC) No 1272/2008

The mixture is classified and labelled according to the CLP regulation.

Hazard Pictograms

Signal word: Irritant

Hazard statements

H316 Causes mild skin irritation.

Precautionary statements

P280 Wear protective gloves/protective clothing/eye protection/face protection.

P370+P378 In case of fire use for extinction: Sand

Information concerning particular hazards for human and environment: None

Other hazards: N/A

Results of PBT and vPvB assessment:

PBT: Mixture does not meet the criteria for PBT according to Regulation (EC) 1907/2006, Annex XIII.

vPvB: Mixture does not meet the criteria for vPvB according to Regulation (EC) 1907/2006, Annex XIII.

Section 4 – First Aid Measures

After inhalation

In case of unconsciousness, place patient stably in side position for transportation

After skin contact

Immediately wash with water and soap and rinse thoroughly

After eye contact

Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing

If symptoms persist consult doctor

Section 5 – Fire Fighting Measures

Extinguishing media

Suitable extinguishing agents:

Dry sand. Water is also acceptable.

For safety reasons unsuitable extinguishing agents:

N/A

Special hazards arising from the substance or mixture

N/A

Advice for firefighters

LOST ARTISTRY

Protective equipment

No special measures required.

Section 6 – Accidental Release Measures

Personal precaution, protective equipment and emergency procedures:

Wear protective equipment. Keep unprotected persons away.

Environmental precautions:

Do not allow product to reach sewage system or any water course.

Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

References to other sections

See Section 1 for information on emergency contact

See Section 4 for information on first aid measures

See Section 5 for information on firefighting measures

See Section 7 for information on safe handling

See Section 8 for information on personal protection equipment

See Section 13 for disposal information

Section 7 – Handling and Storage

Handling:

Precautions for safe handling:

Wash hands after work and before break. Close containers carefully after use.

Information about fire - and explosion protection:

Keep ignition sources away. Do not smoke.

Conditions for safe storage, including any incompatibilities:

Storage:

Store in a cool and dry place. Store only in the original receptacle. Store in a cool location.

Store away from oxidizing agents. Do not store together with acids and alkalis.

Further information about storage conditions:

Keep container tightly sealed. Store in cool, dry conditions in well sealed receptacles.

Section 8 – Exposure Controls and Personal Protection

Additional information about design of technical facilities: No further data.

Control parameters

Ingredients with limit values that require monitoring at the workplace: Not required.

DNELs: No data

PNECs: No data

Additional information: None

Personal protective equipment:

General protective and hygienic measures:

LOST ARTISTRY

The usual precautionary measures for handling chemicals should be followed.

Respiratory Protection:

Suitable respiratory protective device recommended.

Protection of hands:

The glove material has to be impermeable and resistant to the product/substance/preparation. Due to missing tests no recommendation to the glove material can be given for the product/preparation/chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

Material of gloves:

The selection of suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has to therefore be checked prior to the application.

Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection:

Goggles recommended during refilling.

Section 9 – Physical and Chemical Properties

General Information

Form	Liquid
Colour	Black
Odor	Slight Odor
Change in condition	
Boiling Point	Not available
Melting Point	Not available
Flash Point	Not available
Freezing Point	Not available
Flammability (solid, gaseous)	Non-flammable
Ignition temperature	Not available
Auto igniting	Not available
Danger of explosion	Not available
Explosion limits	
Lower	Not available
Upper	Not available
Oxidizing properties	Not available
Vapor pressure	Not available
Density	Not available

LOST ARTISTRY

Relative density	Not available
Vapour density	Not available
Evaporation rate	Not available
Solubility in/Miscibility with water	Is not soluble in water
pH-value	Not available

Section 10 – Chemical Stability and Reactivity Information

Thermal decomposition/conditions to be avoided

No decomposition if used according to specifications

Materials to be avoided

Strong oxidizing agents, strong acid and strong base

Dangerous reactions

No dangerous reactions known

Dangerous products of decomposition

CO, CO₂ if exposed to high temperature

Section 11 – Toxicological Information

Information on toxicological effects

Primary irritant effect:

On the skin: Irritant

On the eye: Potential Irritant

Sensitization: No sensitizing effects known

Subacute to chronic toxicity: No effects known

Additional toxicological information: None

Section 12 – Ecological Information

Toxicity

Aquatic toxicity: This product is not classified ecotoxic according to Ann. VI of directive 1272/2008.

Persistence and degradability: No further relevant information available.

Behaviour in environmental systems:

Bioaccumulative potential: No further relevant information available.

Mobility in soil: No further relevant information available.

Additional ecological information:

General notes: Generally not hazardous for water

Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

Other adverse effects: No further relevant information available.

LOST ARTISTRY

Section 13 – Disposal Consideration

Recommendation:

Smaller quantities can be disposed of with household waste.

Uncleaned packaging:

Recommendation: Disposal must be made according to official regulations.

Section 14 – Transport Information

CLASS: Unrestricted

UN Number: None

Marine pollutant: NO

Section 15 – Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture

Other regulations, limitations and prohibitive regulations

This product is listed in the following chemical inventories:

AICS..... Australia

DSL..... Canada

TSCA..... USA

MITI..... Japan

KECI..... Korea

PICCS..... Philippines

Water hazard class (WGK): Generally not hazardous to water (self classification according to VwVwS)

Chemical Safety Assessment: A Chemical Safety Assessment has not been carried out.

Section 16 – Other Information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Reason for Changes: Chapter 10 - Incompatible materials corrected.

Department Issuing SDS: Quality Management Department (Product Safety & Dangerous Goods)

Abbreviations and Acronyms:

ICAO: International Civil Aviation Organization

IATA: International Air Transport Association

GHS: Globally Harmonized System of Classification and Labelling of Chemicals

DNEL: Derived No-Effect Level (REACH)
