## Cyano-Free Lash Adhesive

### Section 1 – Chemical Product and Company Identification

MSDS Name: Cyano-Free Lash Adhesive  
Black Colour Eyelash Glue  
Company Identification: Lost Artistry LTD.  
A-10109 McDonald Park Road, Sidney BC V8L 5X5

### Section 2 – Composition and Ingredient Information

| Ingredients     | CAS No.   | % Content |
|-----------------|-----------|-----------|
| Polyacrylate    | N/A       | 43%       |
| Ethanol         | 64-17-5   | 15%       |
| Deionized Water | 7732-18-5 | 42%       |
| Benzoic Acid    | 65-85-0   | 0.029%    |
| Pigment         | 1333-86-4 | 0.05%     |

### Section 3 – Hazards Identification

Inhalation: Vapor is irritating to eyes, skin and mucous membranes and respiratory tract.  
Eye: Contact with vapor or liquid may irritate the eyes.  
Skin: Slightly dryness to the skin. Causes mild skin irritation.  
Classification was done according to Annex VI of directive (EU) No 1272/2008. Nota T was used.  
Classifications were done according to Part II subsection 33.2.1 and 33.4.1 of the UN  
Recommendations on the Transport of Dangerous Goods, Manual of Tests and Criteria.

### Section 4 – First Aid Measures

Inhalation: Remove source of exposure or move person to fresh air and keep comfortable for breathing. If breathing is difficult, trained personnel should administer emergency oxygen.  
Get medical attention immediately if symptoms persist.  
Eye Contact: Immediately flush eyes with running water for at least 15 minutes. If redness, itching or a burning sensation develops, get medical attention.  
Skin Contact: Do not pull bonded skin apart. Remove contaminated clothing and wipe off excess from skin. Wash exposed area with soap and water. If redness, itching or a burning sensation develops, get medical attention.  
Ingestion: Get medical attention immediately.

## Section 5 – Fire Fighting Measures

Extinguishing Media: Use dry chemical, carbon dioxide, foam or spray as appropriate for surrounding fire. Do not use water.

Fire Fighting Instructions: Do not enter any enclosed or confined fire space without full protective equipment, including self-contained breathing apparatus.

## Section 6 – Accidental Release Measures

Small Spills: Evacuate the area and ensure good ventilation if possible. Wear self-contained breathing apparatus if necessary. Wear suitable protective clothing.

Large Spills: Use same procedure as small spill.

## Section 7 – Handling and Storage

Handling Precautions: Prevent contact with eyes, skin and clothing. Wash hands after use. Avoid prolonged or repeated breathing of vapors and mists. If spilled on clothing, launder before reuse. Do not take internally. Use only in a well ventilated area. Keep out of the reach of children. Close container carefully after use.

Storage Requirements: Store in a cool, dry location in the original container. Store away from oxidizing agents. Do not store with acids and alkalis. Store only in the original receptacle.

## Section 8 – Exposure Controls and Personal Protection

Protective Clothing and Equipment: The use of gloves is advised to prevent skin contact and to avoid possible irritation. Use Chemical Goggles if splashing may occur.

## Section 9 – Physical and Chemical Properties

Physical State: Black Liquid

Odor: Odorless

pH: N/A

Water Solubility: Not soluble in water.

Boiling Point: N/A

## Section 10 – Stability and Reactivity

Condition to Avoid: High humidity, high temperature or direct sunlight

Stability: Stable (cool and dry area)

Material to Avoid: Strong oxidizing agents, strong acid and strong base.

Hazardous Decomposition or by Products: CO, CO<sub>2</sub> if exposed to high temperatures

## Section 11 – Toxicological Information

Toxicity: Bonds skin rapidly and strongly. Skin and eye irritants.

Routes of Entry: Inhalation (Yes)

Skin (Yes)

Ingestion (Yes)

Carcinogen: See Section 3

## Section 12 – Ecological Information

This product is not classified ecotoxic according to Ann VI of directive 1272/2008.

## Section 13 – Disposal Consideration

Disposal: Dispose of in accordance with local regulations. For small quantities, allow product to dry or absorb onto inert material and dispose of as non-hazardous solid waste. Do not discharge large quantities into drains or surface water.

Dispose of solid residue according to national and local regulations.

## Section 14 – Transport Information

CLASS: Unrestricted

UN Number: None

## Section 15 – Regulatory Information

CA Proposition 65: No California proposition 65 chemicals are known to be present.

## Section 16 – Other Information

The information contained in this document is based upon information available to us and reflects our best professional judgment, but does not offer any guarantee or warranty. Neither our company nor any subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained in this document. All materials may present unknown. This information is provided with the condition that the person receiving it will make their own determination of the suitability of the product for their particular use.
