

MSDS | Material Safety Data Sheet

Quickie Glue

Section 1 - Chemical Product and Company Identification

MSDS Name: Quickie Glue

Company Identification: Lost Artistry LTD. 944 North Park St. • Victoria, BC, Canada • V8T 1T6

Section 2 - Composition and Ingredient Information

Ingredients	CAS No.	% Content
Water	7732-18-5	45%
Ethyl cyanoacrylate	2999-46-4	26.10%
PMMA	9010-88-2	17.80%
Polyisocyanate	2017-03-16	6.30%
Carbon black	1333-86-4	3.30%

Section 3 - Hazards Identification

Emergency overview: Urgent risk

Potential Health Effects:

Eye: Likely to cause infection on eye mucous membrane upon contact

Skin: Likely to cause infection upon a long-term contact with skin

Ingestion: Harmful

Inhalation: Harmful in case of long-term inhalation

Section 4 – First Aid Measures

Inhalation: Move client to a place with fresh air immediately and breathe normally. Artificial respiration required if no breathing or irregular breathing.

Eye Contact: Rinse with water for 15-20 minutes, make sure to get in between lashes so that no chemical remains.

Skin Contact: Wash off area of contact until no chemical remains with soap or soft detergent and water for about 15-20 minutes. Remove affected clothing.

Ingestion: Induce vomiting. If breathing is restrained or client does not vomit, seek medical attention.

Section 5 – Fire Fighting Measures

Specific Hazards: N/A

Flash Point: N/A

Hazardous Decomposition materials: No data

Suitable Extinguishing Media: Water and foam.

Protective Equipment: Proper protective equipment including breathing apparatus must be worn when approaching a fire in a confined space.

Section 6 – Accidental Release Measures

Personal Precautions (for non-emergency and emergency responders): Wear protective clothing, including breathing apparatus.

Environmental precautions: Prevent product from washing down drain.

Disposal and Clean up: Absorb spilled material in dry sand. Clean with washing liquid.

Section 7 – Handling and Storage

Handling Precautions: Handle wearing rubber gloves, mask, and protection glasses. Do not have product contact skin or eyes.

Storage Requirements: Store in a cool, dry place with good ventilation. Keep out of direct sunlight. It is recommended to keep in airtight container with rice or silica gel when not in use. Keep

container sealed tightly, and keep in an upright position to prevent leakage. Keep in temperature between 2-10°C. Do not freeze.

Section 8 – Exposure Controls and Personal Protection

Exposure Limits: Be sure to use in a well ventilated space.

Personal Protective Equipment: Protective gloves, breathing apparatus, and appropriate clothing to not have skin at risk.

Section 9 – Physical and Chemical Properties

Physical State: Liquid

Odour: Characteristic

pH: 8.0 - 9.0

Boiling Point: 100°C

Flash Point: N/A

Melting/Freezing point: 0°C

Solubility: Soluble in water

Vapour Density: over 1

Vapour Pressure: 23hPa at 20°C

Section 10 – Stability and Reactivity

Reactivity: N/A

Stability: This material is stable under advised handling and storing conditions.

Conditions to Avoid: Strong acidity, strong alkalinity, and strong oxidizer.

Hazardous Decomposition Products: No data.

Section 11 – Toxicological Information

Inhalative Toxicity: No Data

Skin: No data

Eyes: No data

Carcinogenicity: No data.

Acute Toxicity: No data.

Section 12 – Ecological Information

Ecotoxicity: No data available

Persistence/Degradability: Not quickly biodegraded

Bioaccumulative Potential: No data available

Mobility in Soil: No data available

Section 13 – Disposal Consideration

Material Disposal: It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste classification and disposal methods in compliance with applicable regulations. Do not dispose into the environment, in drains, or in water courses.

Container Disposal: Dispose in accordance with applicable regional, national, and local laws and regulations.

Section 14 – Transport Information

No data available

Section 15 – Regulatory Information

This substance is not regulated as a dangerous substance. For details on regulations, you should contact the appropriate agency in your country.

Hazard Symbols: N/A

Risk Phrases: N/A

Safety Phrases: N/A

Section 16 - Other Information

The information contained in this document is based upon our current level of knowledge and reflects our best professional judgement in which the product is delivered, but does not offer any guarantee or warranty. Neither our company nor any subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained in this document. All materials may present unknown. This information is provided with the condition that the person receiving it will make their own determination of the suitability of the product for their particular use.
